Solve Your Flying Insect Problems!

With The World's First Permanent/Disposable Flying Insect Trap System

Permanent ...

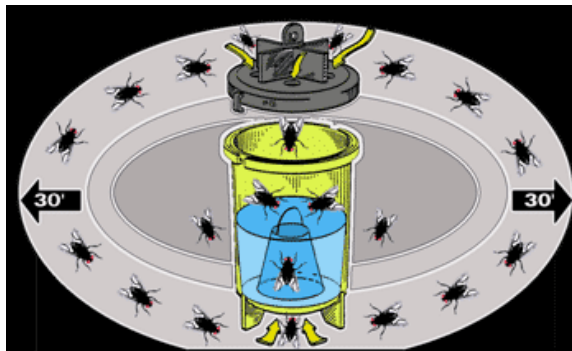

because it is made of a durable, break-resistant molded plastic which can be used over and over again.

Disposable...

because there is a throw-away liner for easy clean-up.

More Cost Effective than Disposable Fly Traps!

Approximately ONE HALF THE COST!!

Due to it's dual entry "Chimney Effect" attractants reach out 30' from center... 3 times the area of other disposable traps!

Disposable Liners!

Easy Clean Up! Simple to Use - Just add Water!

All Natural Ingredients, No Poisons!

**Key Benefits:**

- Reusable
- Large Capacity
- No Moving Parts - No Electricity
- Dual Entry
- Covers Large Areas

Easy to Use:

- Remove top rain cap and unlock the top lid.
- Remove the disposable line and discard with dead insects into a plastic garbage bag.
- Replace economical liner and add new attractant. Fill with water and stir well.
- Replace lid and rain cap
- Allow 24-48 hours for activation when using our Fly Banquet. Yellow Jacket Attractant is an immediate activation.

FAQ**Placement Tips****Fly Control****Replacement Bait & Accessories....****Fly Banquet Fly Attractant:**

Simple to use - just add water!
