InVict[™] Gold[™] cockroach gel

Lightning Fast Control of Cockroaches

Get lightning fast control of cockroaches with InVict[™] Gold Cockroach Gel. Formulated with a unique bait matrix and 2.15% imidacloprid, this bait achieves outstanding palatability, value and results, giving you an “Unfair Advantage.”

- Roaches begin dying in as little as 20 minutes after eating the bait
- Proven secondary kill when roaches are exposed to carcasses and droppings of roaches that ate the bait
- Unique food grade attractants are intentionally different from other popular baits, making InVict Gold the ideal choice for bait rotation to prevent bait aversion
- Formulated without the eight most common food allergens for sensitive applications such as food plants, schools, child care and health care facilities
- 17% more bait per box when compared to four 30 g tubes per box.
- Now available in an individual fully labeled box with a plunger included and a new 300 gram “Big Gun” tube that fits in a standard caulking gun

Product Codes:

IGCG435:
box of four 35 g syringes with one plunger

IGCG135:
Individually boxed 35 g syringe with plunger installed

IGCG300:
Single 300 g “Big Gun” syringe
(fits standard caulk gun)

InVict Gold Cockroach Gel MSDS Information

Section 1: Identification:

Product Name: InVict[™] Gold Cockroach Gel
Manufacturer: Rockwell Labs Ltd
Revised By: TJF 12/11
1257 Bedford Ave., N Kansas City, MO 64116
Telephone: 866 788 4101 Emergency: 800 858 7378

Section 2: Hazardous Ingredients:

(Per 29 CFR 1910.1200)	CAS No.	%	TWA	STEL
Material: Imidacloprid Technical	138261-41-3	2.15	N/A	N/A

Section 3: Composition Information: Contains Imidacloprid (2.15%) and food-grade attractants.

Section 4: First Aid Measures: Skin Contact: Remove contaminated clothing and wash with soap and water. For any persistent irritation, contact a physician. Ingestion: Contact a physician or poison control center for advice. Have person sip a glass of water, if conscious and able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Eye Contact: Flush with water for 15 minutes. For any persistent irritation, contact a physician.

Section 5: Fire Fighting Measures: Extinguishing Media: Carbon dioxide, dry powder, foam or water spray; Flash Point: N/A; Flame Extension: N/A; Auto Ignition: N/A; Flammability limits in air, % by vol: unknown; Unusual fire or explosion hazards: Can burn in fire releasing irritating and toxic gases due to thermal decomposition or combustion; Self contained breathing apparatus and protective clothing should be worn when fighting fires involving chemicals. Other information: none

Section 6: Accidental Release Measures: Wipe up spilled material and dispose of in proper container. For large spills, shovel product into proper disposal containers and clean area with detergent and water.

Section 7: Handling and Storage: Store in closed containers, above freezing and away from excessive heat and moisture. Store out of reach of children, pets, or wildlife. Do not store above 100 °F.

Section 8: Exposure / Personal Protection: Wash hands thoroughly after use. Rubber gloves are recommended, as with all chemicals. Ventilation: not required; Respirator: not required; Eye protection: not required.

Section 9: Physical and Chemical Properties: Vapor Pressure: N/A; Vapor Density: N/A; pH: 5.35 @ 1% in water and 25.3 °C; Viscosity: 44869 cP (Cannon-Fenske); Percent Volatiles by Volume: ca. 0%; Appearance: opaque, golden beige gel/paste; Odor: moderate, sour/eggy; Bulk Density: 1.1 g/mL @ 25.63 °C; Solubility: practically miscible with water; Evaporation Rate: N/A

Section 10: Stability and Reactivity: Stability: stable but may decompose if heated; Material Incompatibility: none known; Hazardous Polymerization: will not occur; Hazardous Decomposition Products: hydrogen chloride and oxides of nitrogen and carbon, CO₂ and water.

Section 11: Toxicological Information: Eye Contact: may cause temporary discomfort or irritation; Skin Contact: may cause mild irritation; Inhalation: no known effects; Systemic/Other Effects: not known; Ingestion: Amount transferred to mouth by fingers, etc during normal use may not cause injury. Carcinogenicity: NTP – not listed; IARC Monographs – not listed; OSHA – not listed; AGIH – not listed.

Section 12: Ecological Information: Do not apply directly to water or to areas where surface water is present. Do not contaminate water when disposing of product.

Section 13: Disposal Considerations: Empty containers may be discarded in trash. Contact your local solid-waste agency for disposal of unused product.

Section 14: Transport Information: DOT Shipping Name: None required; DOT Hazard Class (49 CFR 172.101): non-hazardous; DOT Labels: not required; Freight classification: LTL Class 60

Section 15: Regulatory Information: EPA Reg. No.: 73079-10; The following substances, within this product, are designated by SARA Title III, Section 311/312 Hazard Category Immediate: imidacloprid. This product contains no substances reportable by CERCLA or SARA Title III, Section 302, 311, 312, or 313.

Section 16: Other Information: Warranty: The information provided in this Material Safety Data Sheet has been obtained from sources believed to be reliable. Rockwell Labs Ltd provides no warranties, express or implied, and assumes no responsibility for the accuracy and completeness of the data contained herein. This information is offered for your consideration and investigation. The user is responsible to ensure that they have all data relevant to their particular use.
